

Join us for this year's Open House at the Discovery Garden, the Salal Native Plant Garden, and the NW Fruit Garden

---

Plants, education, food, music. Kick off your gardening season at the 30th Annual Skagit Master Gardener Plant Fair - Saturday, May 11 - 10 a.m. - 2 p.m.

---

Explore the benefits of using keystone plants to create a wildlife-friendly ecosystem in your own garden.

---

Learn about pollinators and open your eyes to the beauty and intricate connectivity of nature. As gardeners, we can make choices that will enhance or inhibit pollinators.
